<p>PLEASE NOTE: The City of Branson allows for property owners to drill and operate individual water wells under specific requirements of Municipal Code Chapter 90, Section 44 (b) for the purpose of irrigation only. Compliance of all 90-44 code regulations (copy attached) for construction must be met in order for this well to be allowed for operation. Any violation of the code requirements must be corrected before the well can be placed in use. Within 30 days of completion of the well construction owner shall provide the City with a copy of the Missouri Department of Natural Resources well record and pump information data sheet providing specific information regarding construction of this well.</p>
