

WELCOME TO THE BRANSON RECYCLE CENTER

- As of November 20th we can no longer accept glass due to equipment failure & other factors. We apologize for any inconvenience. Glass is not being accepted in most nearby cities or by most recycling companies. We do not anticipate being able to resume accepting glass anytime soon but will watch for opportunities as circumstances change.
- As of November 20th we will no longer accept electronic waste due to changing market conditions. However, Best Buy of Branson will accept all household electronic waste, regardless of whether or not it was purchased there. As with our center, Best Buy charges a small fee (\$10) to recycle TVs or computer monitors; however, they issue a gift card for \$10 at the same time. There is no charge for other e-waste including keyboards, cell phones, towers, printers, etc. Please see www.bestbuy.com for a complete list, under “recycling.” Cheers to Best Buy for their corporate leadership in this area.
- Thank you for using the Branson Recycle Center and we appreciate your patience during these transitions.
