**THE REGULAR MEETING OF THE  
BOARD OF ALDERMEN  
CITY OF BRANSON, MISSOURI  
June 9, 2020  
MEETING I**

## **INTRODUCTORY**

The Board of Aldermen of the City of Branson, Missouri, met in regular session in the Council Chambers of the City Hall on June 9, 2020, at 6:00 p.m. Mayor Akers called the meeting to order with the "Pledge of Allegiance," the Preamble of the Missouri Constitution and Ted Martin gave the invocation.

## **ROLL CALL**

City Clerk Lisa Westfall called roll: Mayor Akers presiding, Kevin McConnell, Brian Clonts, Bob Simmons, Bill Skains, Larry Milton and Rick Castillon.

## **PUBLIC COMMENT**

Mayor Akers began the Public Comments section of the Board of Aldermen meeting by stating the Board would hear citizens that signed the Speaker's Sheet in the order they are listed on the sheet.

Doug Clark, 121 A Saint Andrews Street, Branson, Missouri, inquired why the City and County oath of office doesn't include the words "to support and defend the Constitution from all enemies, foreign and domestic" and "so help me God" like the federal oath of office does. He explained the reason for bringing this up is because he's looked into the history of oaths of office, their historical references and reasons behind the language in the oaths. He explained if people live by the means of the Constitution and Bill of Rights which say their rights are from God, then people need to look at what's being introduced into the City as public policy from organizations that may have direct conflicts with that. Mr. Clark commented this is ongoing from the World Health Organization's (WHO) policies which have a direct threat to part of the rule of law here. When looking at the structure of the United Nations and all of its areas, it has real animosity towards the United States Constitution and Bill of Rights. He explained the United Nations directly says that it opposes God and America's system of patriotism is something it would like to change and it doesn't mind saying this in anything it publishes. He inquired why people allowed this type of policy to do what it did to the community financially, affect church attendance and other things that should be protected and held above this kind of policy. Mr. Clark explained people can go to the World Health Organization's website to read this policy, see how it was originally designed, how it got through the National Institutes of Health (NIH) and the Centers for Disease Control and Prevention (CDC), see how it's been put in different types of documents over the years and influence policy for health departments. He asked, if they're against the structure of this country and what its people hold dear, why are people violating the things it holds dear in our country? He quite consciously doesn't get this and pointed out it's not only the WHO, but also the United Nations Educational, Scientific and Cultural Organization (UNESCO). It uses the same language and detests this country's patriotism, family, structure of the church and goes clear into the environmental structure of the United Nations. He explained the United Nations' program on the environment is basically a Gaia Earth type of document and all of this stuff is here in the City of Branson. Mr. Clark feels people have to recognize the language, balance it out against what's been set as the structure of this country and see how it violates what people stand for. He believes the reason there's not the basis of the Bible anymore or any rule of law is due to violating Title 18 Section 242 which says anybody who violates people's rights under the Constitution is a violation of the US Code. In his opinion there's a multitude of other things people don't pay attention to such as sustainable developments for which money, structure or surveys are accepted from outside

entities to make up people's minds on what is going to be done in Branson. As far as he's concerned, there's enough collective intelligence as a City to think up its own rules and regulations on how it wants to go on. He mentioned watching this stuff since becoming aware of some of this in the early 1990s. It's gotten more aggressive every year on how this stuff is instituted from within. Schools are reporting United Nation's policy on how curriculum is taught and he explained if they're a member of UNESCO, they can't teach anything outside the curriculum that UNESCO sends. He believes reasons for the chaos that's going on is because patriotism, history and America's Founding Fathers' structure of what they thought the government ought to be isn't taught in schools. Mr. Clark stated it's completely backwards as to what they intended and he extended the offer to sit down with anyone interested in learning about the things being done that are right out of the United Nations.

Jonas Arjes, 201 William Place, Branson, Missouri, commented he'd like to let the record show he's making a request on behalf of his wife to please reopen the recycle center. Discussion.

## **MAYOR STATEMENT**

Mayor Akers stated it is my responsibility as Mayor under state law to take care of the ordinances of our City and the state laws relating to our City are complied with. Under one of our ordinances, Branson Municipal Code 2-64, I am tasked with the responsibility of being the Presiding Officer of the Board and am required to preserve strict order and decorum at all meetings. Decorum is often defined in the dictionary as proprietary or good taste in conduct or appearance. One of the many definitions of order is the state of peace, freedom from confusion, unruly behavior and respect for law and proper authority. Unfortunately, we've had a number of abstentions on votes without proper basis for the abstentions. The citizens of Branson elected us to make decisions on policy matters and we make those decisions by voting. We are obligated to vote unless a conflict of interest prevents us from doing so. The common law of the State of Missouri supports this. Although I cannot force any member of this Board to vote and no member can be required to cast a vote, I do have the ability to control the order and decorum of these meetings. As a result, I'm announcing under my authority to preserve order and decorum of these meetings, and any abstention by any member of the Board during the meeting can be recast as a no vote.

## REGULAR AGENDA

### BILL NO. 5823

#### Approving a petition to add certain real property to the 76 Entertainment Community Improvement District.

Public Hearing and First Reading of Bill No. 5823, an ordinance approving a petition to add certain real property to the 76 Entertainment Community Improvement District was read by title by City Clerk Westfall. Mayor Akers opened the public hearing and City Clerk Lisa Westfall and Jacob Lowry of Kutak Rock LLP, Special Counsel for the City, provided a staff report. Mayor Akers asked for a motion approving Bill No. 5823. Mayor Akers asked for anyone in the audience wishing to speak in favor of or opposing this matter.

Gail Myer, 365 Whisper Ridge, Branson, Missouri, feels this is a great day for Branson and recalled this project really started about a decade ago. He believes 76 Country Boulevard is the main artery to the heartbeat of Branson and what this project will do upon approval of the annexation is over time, it will invest over \$70 million into the 76 Corridor. Through enhancement and renewal it has the ability to make the most significant economic impact the City has done as a project in conjunction with the Community Improvement District (CID) and possibly the history of Branson. He is proud to be here this evening and he thanked Public Works Director and City Engineer Keith Francis and Engineering Office Specialist Cheryl Harrison who inherited the design portion of this, set the stage for saving money in the future and got ahead of the game on design which is appreciated. Mr. Myer thanked Finance Director Jamie Rouch for her help with understanding things from a financial standpoint and for getting the project back after it went through a rocky time. He mentioned Communications Manager Melody Pettit has helped get information out and he believes there will be more of that to come. Mr. Myer emphasized the significance of City Administrator Stan Dobbins' ability to get it and reset this project to have a successful path to the future. He expressed appreciation for Assistant City Administrator John Manning for providing leadership and City Clerk Lisa Westfall for doing her job. He feels Planning and Development Director Joel Hornickel is a good addition to the CID Board and will help in the future with organizing the project. Mr. Myer listed additional members of the CID Board including Chuck O'Day with the Hollywood Wax Museum, Brian Cossiboom with Dolly Parton's Stampede and Jamie Whiteis with Tanger Outlets. He added, we're going to lose him as a stakeholder, but hopes to gain him as an Alderman on the CID Board. He doesn't want to leave anyone out as there have been many other committed Board members, both from a stakeholder and City representative standpoint who helped this journey. Mr. Myer recognized Craig Wescott from the audience as a past Board member who was instrumental in this journey. He also recognized Ann McDowell who has helped get information out, attended almost every meeting and volunteered her high quality time. He feels she will be extremely helpful to the future of the CID with creativity and helping make it a fun place to be with the dollars allocated for the above ground design. He recalled when Mayor Akers got elected, the CID received some signatures which he believes is because people trust him because of all the things he's done in the past in which he poured himself into community service. He feels that helped the CID get over the hump. He mentioned his predecessor, Larry Schmitt, was extremely passionate about this project and wanted it to be successful more than anyone else. Mr. Myer said every time he goes to a meeting he thinks about Mr. Schmitt and he appreciates his mentorship and leadership for this community. Mr. Myer recalled what had happened was after the City had a comprehensive plan, he talked to the City Administrator at the time, Dean Kruithof, and the Mayor Raeanne Presley. At that meeting he pointed out the City now had a comprehensive plan, but asked them to look at what was happening to sales tax revenues; the City wouldn't be able to implement the comprehensive plan. That's what started the discussion about what should happen on Highway 76 and he feels it's truly been quite the journey. He believes today is a great day for Branson and he's appreciative of the Board. He said he would appreciate its vote on both the first and second readings and he's happy to answer any of the Board's questions. He expressed how much he dislikes power lines.

Mayor Akers asked for comments from the Board. Discussion. Mayor Akers closed the public hearing. Mayor Akers asked for a motion approving Bill No. 5823. Alderman Skains so moved, seconded by Alderman Milton. Mayor Akers asked for anyone in the audience wishing to speak regarding this matter. Hearing none, Mayor Akers asked for comments from the Board. Discussion. Voting aye: McConnell, Whiteis, Simmons, Skains, Milton and Seay. Nays: None. Motion carried.

Alderman Simmons welcomed the new Aldermen and said he appreciates having them here and hopes they enjoy their experience.

Alderman Skains welcomed the new aldermen to the Board and thanked everybody who worked on campaigns, put up signs, dedicated their time and worked the polls from 5:30 a.m. until late at night. He expressed appreciation for everybody involved and thanked his wife for putting up with him during the extended election period of time.

Alderman Seay echoed Alderman Skains' comments and mentioned a lot of his supporters are in attendance this evening and he's thanked them personally. He's happy with the turnout of the vote, feels it was a circus to say the least, but everyone got it done. He was surprised at the turnout and he expressed appreciation for those who voted.

Mayor Akers announced the deadline is approaching to have all committee recommendations in so people can be appointed to serve. He encouraged anyone interested in being involved with the City to contact the City Clerk's Office and get the information needed to be able to serve on a committee. He feels it's really an important time as a lot of appointments will be made at the next meeting. He announced training sessions will be held by the Missouri Municipal League (MML) in August and he encouraged the Aldermen to attend. He explained these sessions provide information on specific areas of service, serving in a Fourth-Class City and the ordinances and laws of the state. They also provide education to help them do their best job as an Alderman. Mayor Akers expressed appreciation for the community and for the people who voted since it wasn't convenient and there's a lot of things going on. Everyone has been working hard to do the best they can to find a thin line between the economics and health of the community. He appreciates the cooperation and effort the community has given to try and make sure guests feel safe. Mayor Akers explained Branson has to earn people's trust back so they feel comfortable coming back to Branson. He added, they're not coming back in droves yet, but they will be back as long as Branson can keep things going. He is encouraged by what he sees and it's been a tough year, but he's hopeful the last half of the year can be good.

Park Board Minutes  
May 19, 2020

Members Present: Candy Sullinger, Jamie Whiteis, Bob Simmons, Clark Harris, Andrew Brown, David Parish, Garrett Vanderpool, Scott McCaulley and Scott Wuest

Members Absent: Clark Harris

Staff Present: Cindy Shook, Jason Reinsch and Marsha Fulton

The meeting was called to order by Chairperson Candy Sullinger. Andrew Brown made a motion to approve the Park Board minutes dated January 21, 2020. Garrett Vanderpool seconded the motion. All were in favor.

Business:

1. The first item on the agenda was the April financial report. Cindy reported that due to the COVID-19, most revenues were down across the board as some programs had been postponed or cancelled and facilities were closed for nearly six weeks. She indicated that the campground had taken a big hit after getting off to a really good 2020. Overall, campground revenues were down \$87,000 year to date. Another big area that had been affected was spring soccer. The season was cancelled and nearly \$21,000 in revenue was refunded. Cindy added that the department was fortunate that 2019 had been a great year and allowed \$100,000 to be transferred into the internal service fund for the Parks Department. Andrew then asked if the department would be able to get a refund for fees paid to local schools for the soccer season that didn't happen. Cindy explained that the department did not use any outside fields and all practices and games were held at the RecPlex or at city parks.
2. The next item on the agenda was the presentation of the campground occupancy information. Jason opened this by giving a brief overview of the spreadsheet that had been provided to the board that compares revenue from last year to this year starting in March. Jason pointed out that the campground was considerably up in January and February, then started to see a decline in March due to COVID-19. Jason indicated modifications were put in place that included closing the shower house and allowing only self contained units, closing the office to in person check-in and spacing out RV's. Jason closed by saying that the campground lends itself to social distancing and that they were starting to see a significant increase in inquires and stays.
3. The next item on the agenda was the update on the new pickleball court project at Eiserman Park. Cindy stated that the Branson Pickleball Club had raised over \$10,000 to construct the new courts with the Parks Department providing the labor. Cindy noted that the largest expenditures were fencing and paint. In addition, the Parks Department was fortunate to secure a grant to upgrade to LED lighting. She indicated that the three new dedicated pickleball courts had been a very positive project and well received by the community. Candy thanked Cindy for the update and stated she was glad to hear how successful it had been and offered kudos to Cindy and everyone involved.

4. The next item on the agenda was the update on the status of several programs impacted by COVID-19. Cindy stated that a lot had happened over the last few months, including the decision to close parks, trails, facilities and cancel programs. Cindy reported that the Branson RecPlex reopened to the public on May 5 with modifications in place that allowed for social distancing. She notes that the CoxHealth Fitness Center remained closed at this time. Cindy reported that staff had worked hard and stay connected with people around the state to inform themselves as to recommendations and best practices moving forward. A difficult decision was made to cancel the summer day camp program as Cindy felt that under the current CDC guidelines, we could not provide a quality experience. In lieu of summer camp, the staff will be offering a once a week “One Day Fun Day” camp for smaller groups. A series of sports clinics for small groups was also being offered. Plans to offer youth baseball and open the pool in June were in the works with modifications including additional rules and recommendations, safety measures and limited occupancy. Candy remarked that this was a difficult and stressful time for everyone and it was important for everyone to be patient and flexible with the necessary changes.

5. The next item on the agenda was the update on the aquatic center operations plan. Cindy stated that they had looked at many different options for a quality and safe experience at the pool that would allow for social distancing and limited occupancy. She indicated that they would be making the following modifications to the pool this season:

- The pool will be open to the public Tuesday – Sunday.
- Two sessions of open swimming will be provided from 11:00am-2:00pm and 3:00-6:00pm.
- The pool furniture and bathrooms will be sanitized between sessions.
- There will be a limited number of people allowed on the pool deck.
- Chairs will be spaced 6 feet apart.
- Pool session tickets may be purchased online to provide for a touch less entry.

Cindy concluded by saying that a discount would be provided this season due to the reduced time allowed for open swim to the public. She encouraged the board to view a video that was created on Facebook to better explain the pool modifications.

### Member’s Report

1. Scott shared that he had gone for a walk during the shut down and that the trail leading into Stockstill did not have a barricade or anything to let people know that the park was closed. Scott suggested that could be needed if this ever happens again. Cindy agreed and thanked Scott for the feedback

2. Garrett asked if there had been an increase in damage done to parks. Cindy responded that thankfully that had not been an issue.

Julie Wolfe made a motion to adjourn. Jamie Whiteis seconded the motion. All were in favor.

Meeting adjourned 6:00pm.

2. Legal Description and Map. A legal description and map of the property (“**Added Property**”) proposed to be added to the District is attached hereto as Exhibit A. The amended legal description and amended map of the District is attached hereto as Exhibit B. The property currently within the District and the Added Property are located entirely within the City of Branson, Missouri.
3. Five-Year Plan. A first amended and restated five-year plan containing a description of the purposes of the District, the public improvements that will be funded by the District, an estimate of costs of these improvements to be incurred, and other details and requirements as set forth in the CID Act is attached hereto as Exhibit C (the “**Amended Five Year Plan**”).
4. Form of District. The District is established as a political subdivision of the State of Missouri under the CID Act, which shall apply to the Added Property upon approval by the City.
5. Board of Directors. The District is governed by a Board of Directors appointed by the Mayor, with the consent of the Board of Aldermen. The Board of Directors consists of seven (7) members, whose jurisdiction shall extend to the Added Property upon approval by the City. On December 18, 2017, the Board of Directors adopted Resolution No. 2017-09 finding that it is in the best interest of the District to endorse the description in substantial form of the area to be added to the District's boundaries. A copy of Resolution No. 2017-09 is attached hereto as Exhibit D.

10. Special Assessments. The Formation Petition does not authorize special assessments to be imposed within the District and the Petitioners are not requesting an amendment of the Formation Petition.
11. Sales Tax. It is the intention of Petitioners that the provisions of this Petition shall be enforced to the fullest extent permissible under the laws and public policies of the State of Missouri and that the unenforceability (or modification to conform with such laws or public policies) of any provision hereof shall not render unenforceable, or impair, the remainder of this Petition. Accordingly, if any provision of this Petition shall be deemed invalid or unenforceable in whole or in part, this Petition shall be deemed amended to delete or modify, in whole or in part, if necessary, the invalid or unenforceable provision or provisions, or portions thereof, and to alter the balance of this Petition in order to render the same valid and enforceable. OF THE  
76 ENTERTAINMENT COMMUNITY IMPROVEMENT DISTRICT  
CITY OF BRANSON, MISSOURI**

**The information and details outlined in the following pages represent the strategies, activities, and budgets that will be undertaken during the five-year period dating from 2020-2025 of the existence of 76 Entertainment Community Improvement District in Branson, Missouri. It is an integral and composite part of the petition to add property to the 76 Entertainment Community Improvement District.**

## **Introduction**

The 76 Entertainment Community Improvement District (the "District") was created pursuant to Section 67.1401 through 67.1571 of the Revised Statutes of Missouri (the "CID Act"). Section 67.1421, RSMo, requires that the petition for the creation of the District be accompanied by a five-year plan which includes a description of the purposes of the proposed district, the services it will provide, the improvements it will make and an estimate of the costs of these services and improvements to be incurred. This First Amended and Restated Five-Year District Management Plan (the "Plan") is designed to comply with this statutory requirement, and is appended to the Petition to Amend Boundaries and for Addition of Property to the District.

### **Section 1**

#### **Why Create a Community Improvement District?**

The District is proposed to provide funding for the construction of public improvements, new and enhanced sidewalks and crosswalks, underground utilities, pedestrian seating, lighting, landscaping, and amenities to promote tourism in order to foster and encourage economic growth in Branson, Missouri and to provide a solid base from which revitalization of the tourism area can occur.

### **Section 2**

#### **What is a Community Improvement District?**

A community improvement district ("CID") is an entity that is separate from the City and is formed by the adoption of an ordinance by the Board of Aldermen following a public hearing before the Board of Aldermen regarding establishment of the District. A CID may take the form of a political subdivision of the State of Missouri, or a nonprofit corporation that is formed and operated under Missouri corporation laws. CIDs are empowered to provide a variety of public services and to finance a number of different public improvements. CIDs derive their revenue from taxes and assessments levied within the boundaries of the CID. Such revenues are then used for the benefit of the properties within the CID. A CID is operated and managed by a Board of Directors, whose members may be appointed or elected as provided for in the Petition. Members of the Board of Directors serve for a designated period of time, and the director positions are again elected or appointed at the expiration of each term.

### **Section 3**

#### **Management Plan Summary**

This Plan is proposed to improve and convey special benefits to properties located within the boundaries of the District by providing assistance in the construction of certain public improvements that serve the District. The District in this case will take the form of a separate political subdivision of the State of Missouri, which will be governed by a Board of Directors that will consist of seven members appointed by the Mayor of Branson with the consent of the Board of Aldermen.

*District Formation:*

CID formation requires submission of signed petitions from a group of property owners:

- collectively owning more than fifty percent (50%) by assessed value of the real property within the District, and
- representing more than fifty percent (50%) per capita of all owners of real property within the District.

The Petition to which this Plan is attached meets these petition requirements.

*Location:*

The District currently covers approximately sixty-seven (67) acres of land. The area of the existing District is depicted in gray shading on the map attached at **Exhibit 1** of the Plan. The area of the Added Property is approximately nine hundred seventy five acres (975) acres, which is more particularly described in, and is outlined on the map attached at **Exhibit 1** of the Plan. If the Branson Board of Aldermen approves addition of the Added Property, the District will cover approximately one thousand forty three (1,043) acres of land in total.

*Assessed Value of District:*

The total current assessed value of the properties within the District as of the date of the last completed assessment is \$7,054,900. The total assessed value of the properties proposed to be added to the District Petition as of the last completed assessment on the date of the Petition to Amend Boundaries and to Add Property is \$79,922,600.00. Accordingly, if the Petition to Amend Boundaries and to Add Property is approved, the total assessed value of the properties within the amended District boundaries will be \$86,977,500.00.

*Improvements and Services:*

A. The District will assist in the funding of the construction of certain public improvements (the “**Project Improvements**”), which are more particularly described in **Exhibit 2A** of this Plan and incorporated herein by reference.

B. The District will provide and/or provide for certain services authorized under the CID Act (the “**District Administrative Services**”), which are more particularly described in **Exhibit 2B** of this Plan and incorporated herein by reference.

*Source of Funds*

The voters of the District approved a sales and use tax on all retail sales made in the District that are subject to taxation pursuant to Sec. 144.010 to 144.525, RSMo, except the sale of motor vehicles, trailers, boats or outboard motors and sales to public utilities, all as allowed by Sections 67.1461 and 67.1545, RSMo, on May 24, 2016 (the “**District Sales and Use Tax**”).

*Method of Financing:*

It is anticipated that the District will pledge revenue to the Project Improvements and, when it comes due, to the payment of debt service for bond or other Obligations, as defined in Sec. 67.1401.2(10), RSMo, to pay for the Project Improvements.

*Uses of Funds:*

As specified and prioritized in the Project financing documents, the revenue collected from the District Sales and Use Tax will be used generally to pay for: (1) District Administration Services (costs associated with the operation of the District); (2) Revenue Administration (costs associated with the collection and distribution of the Sales and Use Tax); (3) Project Costs, which include CID establishment and addition of property costs and construction of the Project Improvements; (4) Debt Service on bonds or other Obligations that are issued to fund the costs of construction of the Project Improvements; and (5) any other qualified cost, as more specifically provided in a Cooperative Agreement between the City of Branson and the 76 Entertainment Community Improvement District.

*Cost:*

The total estimated costs of the Project Improvements are set forth in **Exhibit 2A** of this Plan. The estimated annual cost of administering and operating the District and the provision of District Administrative Services are set forth in **Exhibit 2B** of this Plan.

*City Services:*

The CID Act mandates that existing City services will continue to be provided within a CID at the same level as before the District was created (unless services are decreased throughout the City) and that District services shall be in addition to existing City services. The District anticipates that City services will continue to be provided within the District at the same level as before the District was created, and the District will not cause the level of City services within the District to diminish.

*Duration:*

The District will operate for a perpetual time period. The duration of the full one percent (1%) District Sales and Use Tax shall remain in place for as long as the Obligations are outstanding. After the Obligations have been fully funded, upon mutual agreement between the City and the District, the District may adopt a Resolution, decreasing the District Sales and Use Tax levy rate

to an amount necessary to cover the continued maintenance and operation of the Project Improvements as well as the District Administrative Services costs. The District may not be terminated prior to satisfying all outstanding Obligations. No plan for distribution of assets on dissolution may be approved unless the title to assets of the District are to be owned by the State of Missouri or a political subdivision of the State of Missouri.

*Governance:*

The District's budgets and policies will be refined annually, within the limitations set forth in this Plan, by District Board of Directors. The District will enter into a contract with the City to coordinate construction, maintenance, and financing activities of the District with the City. Budgets and reports will be submitted annually to the City for review and approval. The District will operate at all times in accordance with the District Rules and Regulations (Section 7) and the Bylaws of the District.

**Section 4  
District Boundaries**

An approximate 975-acre area has been identified for addition to the District. The legal description of the area proposed to be added to the District is attached as **Exhibit 1** to the Plan. A map indicating the existing District Boundaries and the area proposed to be added to the District also is attached as **Exhibit 1** to the Plan. The existing District boundaries are depicted in gray shading, while the area proposed to be added to the District is outlined. After the area proposed to be added to the District is approved, the entire District area will be approximately 1,043 acres.

**Section 5  
Facilities and Services to Be Provided**

As summarized above, during the period covered by this Plan, the District will be used as a mechanism to finance the cost of providing or contracting for the provision of CID Services and constructing the Public Improvements.

**Section 6  
Governing the Community Improvement District**

*Board of Aldermen*

Following the submission of the Formation Petition, the Board of Aldermen conducted a public hearing and created the District by adoption of Ordinance No. 20016-0016. Following the submission of the Petition to Amend Boundaries and to Add Property to the District, the Board of Aldermen will conduct a public hearing and then consider an ordinance to amend the District's boundaries by adding the Added Property to the District.

*Board of Directors for CID:*

CID budgets and policies will be refined annually, within the limitations set forth in the Plan, by the District Board of Directors. Annual budgets will be submitted annually to the City of Branson for review and approval.

*Contract with other political subdivisions:*

The District will enter into one or more contracts with the City of Branson and the Industrial Development Authority of Branson (the “**IDA**”) regarding the operation of the District, the imposition and collection of the District Sales and Use Tax, the issuance of bonds or other Obligations to fund construction and maintenance of the Project Improvements, establishing a process for dispute resolution, and any other relevant aspects of the overall financing for the Project Improvements and administration and operation of the District. Pursuant to Sec. 67.1461.3, RSMo, the contract between the District and the City will also provide for the annual reimbursement, not to exceed two percent (2%) of the revenues collected by the District in such year, to the City for the reasonable and actual expenses incurred by the City to establish the District and review and approve annual budgets and reports of the District which are required to be submitted to the City.

**Section 7**  
**District Rules and Regulations**

1. The District shall operate at all times in accordance with Bylaws that shall be adopted by the Board of Directors. The initial Bylaws to be adopted by the Board of Directors shall be in substantially the same form as the Bylaws attached to this Plan as **Exhibit 3**.
2. The District will meet on an annual or more frequent basis.
3. The District will annually prepare a budget, and an annual report describing the major activities of the District during the preceding year and upcoming year. The Budget and Report shall be submitted to the City Administrator. The City Administrator shall forward the proposed budget to the Mayor and Board of Alderman for review and approval within the time frame required by statute prior to the intended date of approval of the Budget. The District shall not approve the Budget without the prior written consent of the City.

# **The DALE E. BRALLIER LIVING TRUST**

## **Article One Establishing My Trust**

On July 15, 1991, I established the DALE E. BRALLIER LIVING TRUST, wherein I reserved the right to amend the agreement, in whole or in part. On this 27th day of July, 2005, I now exercise my power to amend that agreement, in its entirety, so that after amendment, the DALE E. BRALLIER LIVING TRUST states as follows:

The parties to this restated agreement are DALE E. BRALLIER (the "Grantor") and DALE E. BRALLIER and TWILA P. BRALLIER (collectively, the "Trustee").

### **Section 1.01 Identifying My Trust**

My trust may be referred to as "DALE E. BRALLIER and TWILA P. BRALLIER, Trustees of the DALE E. BRALLIER LIVING TRUST dated July 15, 1991, and any amendments thereto."

### **Section 1.02 Reliance by Third Parties on Affidavit or Certification of Trust**

From time to time, third parties may require documentation to verify the existence of this agreement, or particular provisions of it, such as the name or names of my Trustee or the powers held by my Trustee. To protect the confidentiality of this agreement, my Trustee may use an Affidavit or a Certification of Trust that (1) identifies my current Trustee(s); (2) sets forth the authority of my Trustee to transact business on behalf of the trust; and (3) may include pertinent pages from the trust, such as title or signature pages.

All third parties may rely upon the Affidavit or Certification of Trust signed by my Trustee regarding the representations contained in the Affidavit or Certification of Trust. All third parties relying upon the Affidavit or Certification of Trust shall be exonerated from any liability for so relying.

### **Section 1.03 Transferring Property to My Trust**

Any person or entity may transfer property of any kind, nature and description to my trust in any manner authorized by law.

## **Article Fifteen**

### **My Trustee's Powers**

#### **Section 15.01 Introduction to Trustee's Powers**

My Trustee may exercise, without prior approval from any court, all powers conferred by this trust agreement and any other powers conferred by law, including, without limitation, those powers set forth under the common law or any fiduciary powers act or other laws of the State of Missouri, except as otherwise specifically provided in this agreement. Each power conferred upon my Trustee by state or federal statutes shall be subject to any express limitations or contrary directions contained in this agreement.

The Trustee of a trust may have duties and responsibilities in addition to those described in this agreement. I encourage any Trustee serving under this agreement to obtain legal advice when appropriate.

#### **Section 15.02 Rights of Persons Dealing with My Trustee**

My Trustee may execute and deliver any and all instruments in writing, which our Trustee considers necessary to carry out any of the powers granted in this agreement.

A third party dealing with my Trustee shall not be required to inquire into the terms of this agreement, the authority of the Trustee, or to see to the application which the Trustee makes of funds or other property received by the Trustee.

Any person dealing with my Trustee shall be entitled to rely upon an Affidavit or a Certificate of Trust, and upon any instruments duly executed in accordance with the provisions thereof, to the same extent as such person might rely upon the original trust agreement.

#### **Section 15.03 Powers to Be Exercised in the Best Interests of the Beneficiaries**

My Trustee shall exercise the administrative and investment powers granted in this Article as my Trustee determines to be in the best interests of the beneficiaries.

Despite any conflicting provision in this agreement, my Trustee shall not exercise any power in a manner inconsistent with the beneficiaries' right to the beneficial enjoyment of the trust property in accordance with the general principles of the law of trusts.

## **Section 15.04 My Trustee's Investment Powers**

Except as otherwise specifically provided in this trust agreement, the investment powers of my Trustee shall include the following:

### **(a) Investment Powers in General**

My Trustee may administer, invest and reinvest in any type of investment inside or outside the geographic borders of the United States of America or its possessions or territories that my Trustee determines is consistent with the investment goals and overall goals of my trust, taking into account my trust's overall investment portfolio.

Without limiting my Trustee's investment authority in any way, I request that my Trustee exercise reasonable care and skill in selecting and retaining trust investments. I also request that my Trustee take into account the following factors in choosing investments for my trust:

- The potential total return from the investment, both in the form of income and appreciation;
- The potential income tax consequences of the investment;
- The investment's potential for volatility and return; and
- The role the investment will play in the trust portfolio.

I request that my Trustee also consider the possible effects of inflation or deflation, changes in global and U.S. economic conditions, transaction expenses, and the need for liquidity in constructing the trust's investment portfolio.

My Trustee may delegate to any registered investment adviser or corporate fiduciary the discretion to manage trust investments.

### **(b) Banking Powers**

My Trustee may establish bank accounts of all types in one or more banking institutions as my Trustee may choose. My Trustee may open such accounts in the name of my Trustee (with or without disclosing fiduciary capacity) or in the name of my trust. When an account is in the name of the trust, checks on that account, and authorized signatures need not disclose the fiduciary nature of the account or refer to any trust or Trustee.

An account from which frequent disbursements are made need not be an interest bearing account. My Trustee may authorize withdrawal from an account by check, draft or other instrument or in any other manner.

**(c) Contract Powers**

My Trustee may sell at public or private sale, transfer, exchange property for other property, or otherwise dispose of trust property for such consideration and upon such terms and conditions as my Trustee deems advisable, including options of any duration for any such sales, exchanges, or transfers.

My Trustee may enter into any contracts, and deliver deeds or other instruments, as my Trustee deems appropriate to the purposes of my trust.

**(d) Common Investments**

For purposes of convenience with regard to the administration and investment of the trust property, my Trustee may invest and reinvest part or all of the trust property jointly with trust property of other trusts for which my Trustee is also serving as a Trustee. For this purpose, a corporate fiduciary acting as Trustee under this agreement may use common funds for investment.

However, when trust property is managed and invested in this manner, my Trustee shall maintain records that sufficiently identify that portion of the jointly invested assets that constitute the trust property of this trust.

**(e) Real Estate Powers**

My Trustee may sell at public or private sale, purchase, exchange, lease for any period, mortgage, manage, alter, improve and in general deal in and with real property in such manner and on such terms and conditions as any person might do as owner of such real property.

My Trustee may grant or release easements in or over, subdivide, partition, develop, raze improvements or abandon, any real property.

My Trustee may manage real estate in such manner as my Trustee deems best and shall have all other real estate powers requisite for such purpose.

My Trustee may enter into contracts to sell real estate, make leases and grant options to lease trust property even though the term extends beyond the termination of any trusts created under this agreement and even though the term may extend beyond the period that is required for an interest created under this agreement to vest in order to be valid under the rule against perpetuities. For such purposes, my Trustee may enter into any

return receipt. If there is proof of mailing and the return receipt is not received, notice shall be effective on the date it would normally have been received via certified mail.

**(e) Not Reciprocal Plans**

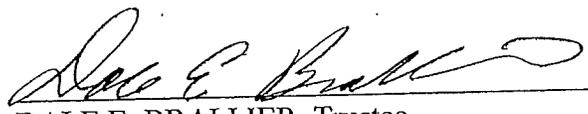

The fact that my wife and I are executing our estate plans concurrently shall not be construed to create any contractual or reciprocal obligations between us.

**(f) Severability**

The invalidity or unenforceability of any provision of this agreement shall not affect the validity or enforceability of any other provision of this agreement. If a court of competent jurisdiction determines that any provision is invalid, the remaining provisions of this agreement shall be interpreted and construed as if any invalid provision had never been included in this agreement.

I have executed this restated living trust on this 27th day of July, 2005. I certify that I have read this restated living trust, that I understand it, and that it correctly states the provisions under which my trust property is to be administered and distributed by my Trustee.

**ITEM/SUBJECT:** READING OF A BILL APPROVING THE MODIFICATION OF THE ENERGY PERFORMANCE LOAN WITH CENTRAL BANK OF BRANSON.

**INITIATED BY:** FINANCE DEPARTMENT

**FIRST READING:** JUNE 23, 2020

**FINAL READING:** JUNE 23, 2020

**EXECUTIVE SUMMARY:**

- The City of Branson entered into a loan agreement on July 20, 2011 for energy efficiency improvements to City Hall and the Branson Convention Center.
- The original loan amount of \$1,091,000 was for 15 years with a maturity date of 10/1/2026 and an interest rate of 4.79%.
- Due to the current financial market with lower interest rates, a loan modification is being requested to provide savings and decrease the term of the loan.
- This loan modification will lower the interest rate to 2.9% as well as change the maturity date to 10/1/2023, resulting in a savings of approximately \$85k over the remaining life of the loan. There are no additional fees for this modification.
- City staff contacted four local banks for interest rate quotes and received the following responses:
  - Central Bank of Branson – 2.9%
  - Branson Bank – no response
  - First Community Bank – 3.25%
  - Arvest Bank – 3.98%
- Due to the time sensitivity of interest rates in the financial market, we are requesting a double read for this item in order to meet the interest rate quote deadline provided by the bank.

AGREEMENT

THIS AGREEMENT, entered into this the \_\_\_\_ day of \_\_\_\_\_, 2020, between the CITY OF BRANSON, hereinafter referred to as "BRANSON", and the HOUSING AUTHORITY OF THE CITY OF BRANSON, hereinafter referred to as "HOUSING AUTHORITY".

WHEREAS, the HOUSING AUTHORITY is the owner of the following described property located in Branson, Taney County, Missouri:

Tract 1:

All of Lot 17, Block 18, Town of Branson, Taney County, Missouri, according to the recorded plat thereof; and

Tract 2:

All of Lots 15 and 16, Block 18, in the Town of Branson, Missouri, according to the recorded plat thereof, in Taney County, Missouri; and

WHEREAS, said property is mortgaged by the HOUSING AUTHORITY to FIRST COMMUNITY BANK OF THE OZARKS on a Promissory Note and Deed of Trust dated April 18, 2008, with the Note having an original balance of NINETY THOUSAND DOLLARS (\$90,000.00) and said Deed of Trust recorded in Book 2008 at Page 17230, with an unpaid balance owed in the amount of \$40,430.83 as of March 27, 2020; and

WHEREAS, the parties wish to provide for the transfer of ownership of said property from the HOUSING AUTHORITY to BRANSON in return for BRANSON paying the balance owed to FIRST COMMUNITY BANK OF THE OZARKS on the Note and Deed of Trust and thereafter entering into a Lease Agreement with the HOUSING AUTHORITY for use of the property as a parking lot at an annual rental of ONE DOLLAR (\$1.00).

NOW, THEREFORE, it is hereby mutually agreed by the parties as follows:

1. The HOUSING AUTHORITY agrees to transfer all of its right, title and interest in and to the above described property to BRANSON by Warranty Deed subject to the existing Deed of Trust

owed to FIRST COMMUNITY BANK OF THE OZARKS. Said transfer shall be made immediately upon receiving approval by HUD of the HOUSING AUTHORITY'S Disposition Application whereby HUD agrees to release its Declaration of Trust on the subject property.

2. Within thirty (30) days of receipt of title to the property from the HOUSING AUTHORITY, BRANSON agrees to immediately pay the remaining balance of the Note and Deed of Trust owed to FIRST COMMUNITY BANK OF THE OZARKS as referenced above.

3. Thereafter, within twenty-four (24) month from the date of receiving title to the property, BRANSON agrees to make the following improvements to the subject property, at its expense:

- a. Demolition of all structures on the subject property and removal of all debris therefrom, including asbestos remediation and removal.
- b. Construction of a 23-space asphalt parking lot on the property with entrances and striping as depicted on a rendering of the parking lot attached hereto as Exhibit "A" and incorporated herein by this reference. The parking lot improvements shall contain concrete curb and gutter along both sides of driveway, asphalt pavement at least four (4) inches thick, storm sewer junction box with storm sewer curb inlet, storm sewer twelve (12) inch CMP and pavement markings as detailed in the cost estimate attached hereto as Exhibit "B" and incorporated herein by this reference. In completing such construction, the BRANSON agrees to comply with all applicable building codes and zoning ordinances and other federal, state and city regulations that are applicable to the project and property.

4. Upon completion of the parking lot improvements, BRANSON agrees to immediately enter into a long-term Lease with the HOUSING AUTHORITY as tenant, whereby the HOUSING

AUTHORITY and its residents will have the right to use of the parking lot. The term of the long-term Lease shall be for a minimum of thirty (30) years and provide for payment of an annual rental in the amount of ONE DOLLAR (\$1.00) by the HOUSING AUTHORITY or its successors and assigns. Said Lease shall also grant the HOUSING AUTHORITY an option to renew the Lease for an additional term of thirty (30) years upon the same terms and conditions as provided in the original Lease. The Lease shall provide that snow removal, maintenance and repairs, except any major repairs exceeding FIVE THOUSAND DOLLARS (\$5,000.00), shall be the obligation of the HOUSING AUTHORITY. BRANSON shall pay the cost of major repairs exceeding FIVE THOUSAND DOLLARS (\$5,000.00). The HOUSING AUTHORITY shall maintain insurance on the subject property per BRANSON'S insurance requirements with proof of insurance at all times supplied to BRANSON and with BRANSON named as an additional insured and approving same.

5. The parties acknowledge that, upon completion of the project by BRANSON, the HOUSING AUTHORITY will have received benefits under the long-term Lease equal to, or in excess of, the HOUSING AUTHORITY'S current equity in the subject property, taking into consideration its fair market value, the balance owed under the Note and Deed of Trust by the HOUSING AUTHORITY and the utilization of the parking lot by the residents of the HOUSING AUTHORITY on a long-term basis. In that regard, the parties have designed the parking lot to meet the long-term needs of the residents of the HOUSING AUTHORITY taking into consideration such features as grade, surface material, lighting and storm water drainage.

6. This Contract is contingent upon the HOUSING AUTHORITY receiving approval from HUD of its Disposition Application and the release by HUD of the subject property from its Declaration of Trust currently held by HUD.

7. In the event that BRANSON fails to complete full performance of its contractual obligations as outlined in this Agreement within twenty-four (24) months from the date BRANSON receives title to the subject property, ownership of the subject property shall immediately revert to the HOUSING

AUTHORITY and BRANSON agrees to execute and deliver to the HOUSING AUTHORITY a Warranty Deed conveying fee simple title to the HOUSING AUTHORITY free and clear of all liens and encumbrances, except easements and restrictions of record.

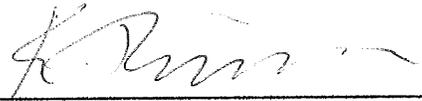

8. This Agreement shall be binding upon the parties hereto, their successors and assigns.

IN WITNESS WHEREOF, the parties have executed this Agreement the day and year first above written.

# STAFF REPORT

**ITEM/SUBJECT:** READING OF A BILL AMENDING CHAPTER 2 SECTION 28 OF THE BRANSON MUNICIPAL CODE PERTAINING TO ADMINISTRATIVE/SUPERVISORY COMMITTEES.

**INITIATED BY:** LEGAL DEPARTMENT

**FIRST READING:** JUNE 23, 2020

**FINAL READING:** JULY 14, 2020

**EXECUTIVE SUMMARY:**

- Branson Municipal Code provides three administrative/supervisory committees: the human resources committee, the budget and finance committee, and the capital improvement committee, which reviews information and recommends courses of action to the Board of Aldermen.
- During the workings of these committees, it has been identified that there is an overlap between the committees and the financial and capital information that they review. There have been times when the same subject matter is being discussed, albeit in different contexts in the various committees.
- In order to make the City of Branson government more efficient, this change provides the flexibility to the mayor to appoint members of the board to these administrative/supervisory as he or she may choose so that when necessary, these committees can meet together and transparently share information.
- As these committees are advisory to the Board of Aldermen, this change will allow committees to meet together without causing a quorum of the Board of Aldermen and thus triggering the formal requirements of such a meeting.

Re: Branson Hills Infrastructure Facilities CID  
Appointment of Successor Directors

Dear Mayor Akers,

The Bylaws of the Branson Hills Infrastructure Facilities Community Improvement District (the "District") indicate that the Board of Directors of the District (the "Board") shall consist of five (5) individuals who are qualified to serve. The terms of two (3) members of the Board expired in 2019. The individuals are Pat Joyce, Robert Davis and Jerry Givens. At this time, the District hereby requests the Mayor, with the consent of the Board of Alderman, to reappoint those same individuals to continue to serve to fill those open positions.

Section 6 of the Bylaws provides in relevant part, "...the Mayor of the City shall appoint successor directors, subject to the consent of the Board of Aldermen. Successor directors appointed pursuant to this section shall serve for a term of four years."

Section 3 of the Bylaws provides that in order for an individual to qualify to serve as a Director of the District, the individual must be (a) at least twenty-one (21) years of age and (b) a property owner or a representative of a property owner within the boundaries of the District.

In light of the expired terms of the Board members mentioned above, although the Mayor is not required by the Bylaws to follow the recommendation of the District, the Board felt it was their duty to inquire about and make recommendations to the Mayor as to successor members of the Board. The Board spoke with various property owners within the District and attempted to gather names of those interested in serving on the Board. The existing three Board members told the Board that they were interested in continuing to serve on the Board, and the Board found no other interested parties. The current members of the Board then had a meeting and approved the recommendation of Pat Joyce, Robert Davis, and Jerry Givens for Board positions.

We hereby request that the Mayor take appropriate steps to fill those open seats on the Board for appointment of four (4) year terms.

Edd Akers, Mayor
