Applications open for Parks & Recreation TreeKeepers Program

BRANSON, Mo – The Branson Parks & Recreation Department is now taking applications for the 2021 Branson TreeKeepers program, a volunteer group of citizens interested in becoming more knowledgeable about urban tree planting, tree care and to help beautify the Branson community.

This program offers volunteers an opportunity to take part in hands-on training led by experienced staff as well as assisting the Parks Department with tree planting, watering, pruning and other basic tree care. TreeKeepers will also play a vital role in reforestation efforts and community education on the benefits of trees. This program consists of meeting for 1-2 hours each month, June through December, to assist with tree projects in various City parks and trails.

To learn more information about this program and to apply, watch informational videos and fill out the online application on the [Branson Parks & Recreation's website](#). For any questions about the TreeKeepers program, contact City of Branson Landscape Specialist, Amy Jackson, at 417-337-8568.
